

# NEW ContiRoad *ATTACK 3*

## The Allround tire with the highest standards in the sport touring segment.

- Performance oriented pattern design for better drainage in wet conditions.
- More improved wet grip due to an optimized compound.
- This technology bestows the tire with linear handling even if stabilizing gyroscopic forces are nominal (e.g. when turning). Simultaneously, accuracy and groundingfeeling are improved at benchmark level - applies to all riding situations in this segment.
- Comfortable and easy for all demands, whether on long rides or winding roads.
- Balanced characteristics from the first to the last mile.
- MultiGrip makes it possible to use a homogenous grip grading with a single compound thanks to temperature controlled curing of the tire during the production process.

### EasyHandling

This technology bestows the tire with linear handling even if stabilizing gyroscopic forces are nominal (e.g. when turning). Simultaneously, accuracy and groundingfeeling are improved at benchmark level - applies to all riding situations in this segment.

### MultiGrip

Makes it possible to use a homogenous grip grading with a single compound thanks to temperature controlled curing of the tire during the production process. • besserer Grip dank flexibler Schulterbereiche

- Shoulder area, flexible = Grip
- Central tread area, wear resistant = Mileage
- Continuous transition

### TractionSkin

TractionSkin, a revolutionary new micro-rough tread surface, virtually puts an end to tire break-in. This is possible due to a new mold coating technology which eliminates the need for tire-release agents.

### ZeroDegree

0° steel-belt construction guarantees excellent stability at high speeds.

### RainGrip

Optimized compound for superior wet grip, which is made possible by a specially activated silica compound. This ensures optimum grip right down to the microscopic level of the road surface.

### Handmade in Germany

For generations nearly all of our radial tires have been produced with great passion, skill and expertise in Korbach on the beautiful lake Eder.
