Conti EcoPlus HS3

Fuel Efficient Long Haul Steer

- Excellent removal mileage with enhanced footprint
- Smartly designed tread profile for even wear
- Proven to deliver fuel savings over Michelin X-Line Energy*
- Superior casing construction for retreadability

**Bring this ad to ExpoCam and receive a certificate
for FREE installation of your
Conti EcoPlus HS3, up to \$25 per tire.**

**Fuel savings based on independent testing by PIT Group of FPInnovations during the 2018 Energotest campaign. Conti EcoPlus HS3 delivered fuel savings when used on the steer position with HDL2 drive and Conti EcoPlus HT3 trailer tires, vs. Michelin X-Line Energy Z steer tires, D drive tires, and T trailer tires. All tires tested in 11R22.5 size. Actual on-road results may vary.*

Terms and Conditions: Valid in Canada. While supplies last. To participate in the promotion, customers must attend the ExpoCam trade show, April 11-13 in Montreal, must visit Continental Booth #4401 on Level 400, and must trade in a physical copy of this magazine ad to receive a certificate for free tire installation of Conti EcoPlus HS3, with a value up to 25 CAD per tire, while certificate supplies last.
