

Only the best go further.

The new Conti Hybrid HS3+

- › Upgraded tread design to minimize groove and force cracks
- › Even wear and outstanding mileage thanks to refined pattern structure
- › Maximum grip and handling performance in all weather conditions thanks to optimized, durable tread pattern designed for regional roads
- › Balanced compound mixture for even more mileage

The high mileage performer

Conti Hybrid HS3+

More powerful than ever.

We've listened to your feedback, tracked our tire's performance in the field and improved the best to take you even further. The new Conti Hybrid HS3+ offers an upgraded tread design to minimize groove and force cracks and provides you with outstanding mileage.

New surface styling for higher mileage

New inner groove technology for less groove and force cracks

Full-depth pocket sipes at 50% of rib width minimize uneven wear and enhance water displacement for improved performance in the wet

New-generation W-groove in the outer rib for less groove and force cracks¹
