

Stick to your dreams. And to the asphalt.

The new SportContact™ 7.

German engineered performance.

- Gives you confidence with safe and stable driving behaviour on wet and dry surfaces.
- A perfect interplay of extra-soft BlackChili³ compound and extra-stiff tread pattern for long-lasting, next-level driving pleasure.
- Tailor-made for every vehicle class to give you the typical SportContact™ feeling.

The new SportContact™ 7.

Experience driving pleasure made in Germany.

Knowing you can always trust in your tyres gives you confidence. The new SportContact™ 7 was engineered to give you the confident feeling of knowing you can push the limits further and further, so that you can simply enjoy driving pleasure at the highest stage.

Adapts to all challenges the road has to offer.

Since the driving conditions can change within seconds, you should always rely on a tyre that knows how to react. Due to our adaptive pattern, you experience constantly safe driving behaviour on wet and dry surfaces - even at higher speeds.

Extends your joy of good performance.

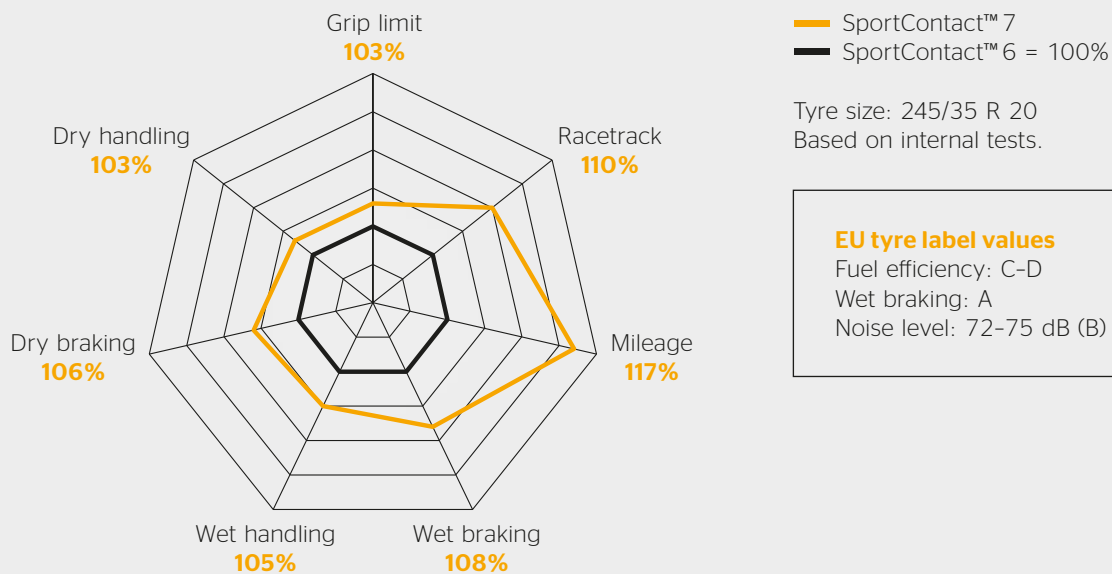

Enjoy next-level driving pleasure longer than ever before*. The perfectly balanced interaction of the stiff low-void pattern and the soft BlackChili enables top-notch performance while increasing the mileage of your tyres significantly.

Performs great, no matter the size of your car.

As our first tyre that is tailor-made for different vehicle classes and weights, the SportContact™ 7 gives you the typical SportContact™ feeling, whenever you start the engine.
